High-End Custom Aluminum Solutions

Architecture is both a functional necessity and a form of artistic expression. With advances in material technology and fabrication techniques, high-end aluminum solutions seamlessly integrate complex shapes, precise craftsmanship, and design aesthetics. This allows buildings to fulfill their practical purpose while expressing distinctive visual appeal and refined spatial artistry.

Guangzhou Futeng Building Materials Technology Co., Ltd.

COMPANY PROFILE

Futeng® — China’s Leading Custom Aluminum Solutions Provider

Founded in 2012, Futeng® specializes in the design, production, and sales of Solid Aluminium Panels, aluminum ceilings, aluminum baffles, and various other alumi- num products. With eight manufacturing bases covering a total area of 50,000㎡, Futeng® operates under industrial park-style management,including 8,000㎡ ofgreen space, a 2,500㎡ marketing and office center, three employee dormitories, and a 1,700㎡ project exhibition center.

With annual sales exceeding 600 million RMB and over 6,800 completed projects, Futeng® leverages a team of 300 professionals in technology and manage- ment,along with more than a decade of industry experience, to provide clients with advanced, tailor-made aluminum solutions. Futeng® is recognized as a pioneer and driver of China’s first generation of aluminum products.

Advanced Manufacturing Capabilities

Futeng® operates a modern production facility equipped with advanced CNC and automated manufacturing systems, including:
• CNC Turret Punching Systems for high-efficiency aluminum panel punching and precision fabrication.
• CNC Press Brakes for accurate bending and forming of complex aluminum panel structures.
• CNC Shearing Machines for high-precision aluminum sheet cutting.
• Laser Engraving & CNC Engraving Machines for customized patterns, perforations, and decorative aluminum panel processing.
• Aluminum Panel Grooving Machines for precise slotting and shaping of aluminum panels.
• Fully Automatic Coating Production Lines (Imported from Germany) capable of applying fluorocarbon, paint, powder, and ceramic coatings, ensuring consistent and durable architectural finishes.
These advanced manufacturing systems enable Futeng® to deliver high-quality aluminum solutions with precision, efficiency, and international standards.

Signature Projects and Clients

Futeng®’s products are widely used in high-end landmarks and infrastructure projects, including:
• Metro Systems: Ningbo Metro, Shenzhen Line 9, Nanning Metro, Shijiazhuang Metro, Qingdao Metro, Wuxi Metro
• Commercial & Government Projects: Wanda Group, Mauritania Presidential Office & Conference Center, West African ECOWAS Headquarters, Khorgos China Cultural Center

Our Service Philosophy

At Futeng®, quality and trust are the foundation of our business. We pay close attention to every client requirement, carefully consider every detail, and provide professional, attentive one-stop service. Through open and practical communication with both new and long-term clients, we strive to fully understand project needs and deliver optimal aluminum solutions.

Futeng® — Defining High-Quality Spaces, Crafting Exceptional Projects

COMPANY CULTURE

Company Tenet:

In the course of business, by working together with unity and mutual understanding, supporting and recognizing one another, and cultivating a spirit of gratitude, we can achieve shared prosperity. By pioneering a culture of sincere collaboration and trust, each of us can successfully shape our own careers and lives.

Company Vision:

For over a decade, we have been closely observing architectural developments in China and around the world, driven by the desire to make every building more beautiful, safer, and environmentally friendly through custom aluminum solutions.

Company Positioning:

China's Leading High-Efficiency, High-Quality Aluminum Supplier

A Joint-Stock, Integrated Smart Manufacturing Company with Top-Tier R&D and Talent

Company declaration:

We conduct ourselves with integrity, work with diligence, embrace innovation, pursue excellence, and take responsibility—striving to become China's most efficient and highest-quality aluminum supplier.

Company Mission :

At Futeng®, we take responsibility for delivering aluminum solutions that inspire confidence and peace of mind for our customers.

E LITE TEAM

An exceptional team is built on shared vision and common goals, guided by unified principles to tackle challenges and drive continuous innovation.

UNITY GIVES POWER, COLLABORATION BRINGS HOPE.

A successful team can only achieve its goals efficiently when every member contributes fully and works in close collaboration.

Aluminum Window Grilles

Aluminum window grilles are crafted from high-strength aluminum alloy, offering excellent corrosion resistance and structural stability. With fine surface treatments and a variety of coating or painting options, they combine traditional and modern design elements. Beyond providing ventilation and natural light, these grilles add a distinctive decorative touch to any space. Lightweight yet durable, they are ideal for indoor and outdoor window decorations, partitions, and accent walls.
